Professional Summary:

Front-End Developer with expertise in building scalable and responsive web applications using **JavaScript, TypeScript, Angular, React, and Next.js**. Experienced in working with **monorepo architectures**, ensuring modular, maintainable codebases across projects. Skilled in crafting clean, intuitive UIs with seamless performance and a strong focus on user experience. Committed to delivering impactful web solutions within collaborative, fast-paced environments.

Technical Skills:

- **Languages:** JavaScript, TypeScript
- **Core Concepts:** Data Structures and Algorithms, OOPs
- **Web Development:** HTML, CSS, SASS, DOM Manipulation, AJAX, Async JavaScript, APIs, REST APIs, Git & Version Control, Redux, Postman, Figma
- **Web Development Tools:** VSCode, Chrome DevTools, GitHub, Netlify
- **Frameworks:** React, Next.js, Angular, Bootstrap, Tailwind CSS
- **Other Skills:** API integration, npm, Yarn

Experience:

Front-End Developer Intern

- **AgetWare** – Feb 2025 – Present
 - Contributing to the **GoalTeller financial planning platform**, a large-scale **monorepo-based web application** built with **Next.js** and **TypeScript**.
 - Collaborated closely with backend developers to **integrate REST APIs**, ensuring smooth data flow and functionality across the application.
 - Resolved multiple front-end bugs and enhanced performance and responsiveness through effective debugging and optimization techniques.
 - Utilized the **React Email** library to create multiple reusable, visually consistent **email templates** for transactional and marketing use.
 - Contributed in a collaborative Agile environment with regular code reviews, Git-based version control, and team stand-ups.
 - **Project Link:** goalteller.com

Front-End Developer Intern

- **Pinakee Digitech** – Oct 2024 – Jan 2025
 - Developed **paperlessinvites.in** from scratch, creating 40+ dynamic digital invitation pages using **HTML, SCSS, and TypeScript**, allowing users to personalize details like names and dates.

- Collaborated in an agile environment, using **Git** for version control, contributing to daily stand-ups, and participating in sprint planning.
 - **Project Link:** paperlessinvites.in

Professional Projects:

- **E-Shop:** [\(Link\)](#)
 - Built a fully responsive eCommerce platform using **React**, **Redux Toolkit**, and **Tailwind CSS**.
 - Includes a dynamic cart page, **product search**, **filtering options**, and integrated payment interfaces.
 - Designed for a seamless user experience with a modern layout and smooth checkout process, demonstrating skills in **React**, **state management**, and **responsive design**.
- **Ochi Design:** [\(Link\)](#)
 - Recreated the **award-winning** Ochi Design website with pixel-perfect accuracy using **React.js**.
 - Utilized **Framer Motion** for smooth animations and **Locomotive Scroll** for dynamic scrolling effects.
 - Features include an interactive element that tracks cursor movement and a fully responsive design.
 - Demonstrates expertise in **React.js**, **animation libraries**, and creating immersive, award-worthy web experiences.

Education:

- Bhandarkar's Arts and Science College Kundapura:
 - Completed Bachelor of Commerce with Computer Application
 - **CGPA: 7.72**
 - **Mangalore University** (Sep, 2021 – Jul, 2024)
 - **Year of completion: 2024**
 - **Specialization in Computer Science**

Personal Details:

Date of Birth:	31-10-2003
Gender:	Male
Languages known:	Kannada, English, Hindi
Soft Skills:	Quick Learner, Active Listener, Creative, Problem-Solving, Adaptability
